Mr. Lehman

FROM: NIO/SP

SUBJECT: GAC Briefing

1. Attached are my notes for the GAC briefing tomorrow on the assigned topic "Soviet Strategic Capabilities with Reference to the Strategic Balance." They comprise essentially an update of the Carter/Dole briefings, with some comparisons with US systems added at the request of the GAC. Most of the work of updating and supplementing was done by [REDACTED] of OSR, with assistance from OSR and OWI components. The graphics will be vugraphs; unfortunately they would not reproduce.

2. Please note that at GAC request, Dr. Jim Wade of OSD will attend to speak on New Assessments of US and Soviet Forces. He will receive a copy of this text this afternoon. He informs me that he plans not to speak from notes.
